

CROWDSTRIKE PARTNERSHIP

Unlock the Full Power of Your CrowdStrike Falcon® Platform with GuidePoint Security

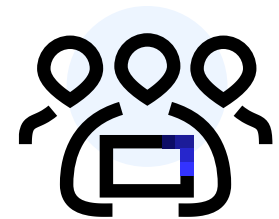

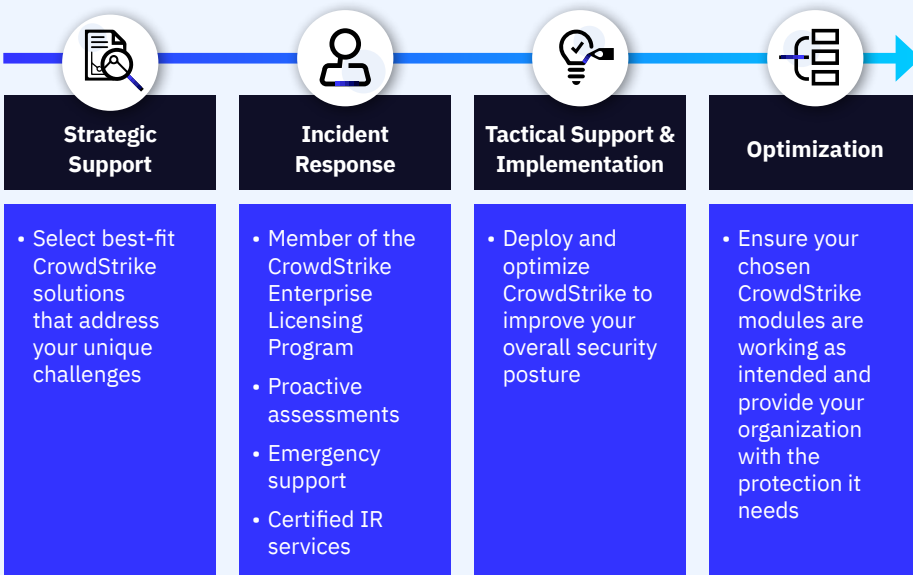

Breaches, ransomware and cyber attacks are getting more advanced by the minute. Speed and efficacy in preventing, detecting, or responding to threats can make or break an organization.

Stop breaches faster, and more effectively with the CrowdStrike Falcon® platform – deployed and optimized by GuidePoint Security. GuidePoint helps fine-tune your CrowdStrike investments to ensure superior protection and better performance. Our experts help you mitigate risk, empower innovation, and stay ahead of rapidly evolving cyber threats.

Optimize Falcon Platform Performance, Maximize Results

The powerful partnership between CrowdStrike and GuidePoint Security helps organizations with what they need most – the ability to stop breaches. Together, we offer unparalleled expertise and commitment to cutting-edge security solutions that mitigate risk, empower innovation, and help customers stay ahead of rapidly evolving cyber threats.

CrowdStrike secures the most critical areas of enterprise risk – endpoints, cloud workloads, identity and data – to keep you ahead of modern adversaries. GuidePoint Security engineers are highly certified on the CrowdStrike Falcon® platform, with specialized certifications and services capabilities on CrowdStrike Security Cloud and CrowdStrike Falcon Next-Gen SIEM. Our certified professionals help customers realize maximum benefit from their investments including superior protection, better performance, less complexity, and immediate time-to-value. Our security engineering services include:

Put a Highly-Trained, **ELITE** Team on Your Side

Your organization will be backed by our expert team of cybersecurity engineers, architects and consultants. Our veteran practitioners are from Fortune 100 companies, the Department of Defense and U.S. intelligence agencies. We have more CrowdStrike certifications than any other partner with 50+ engineering and 50+ sales certifications, including:

Superior Protection and Better Performance with Faster Time-to-Value

GuidePoint Security's technical experts are well-versed in maximizing the cost-effectiveness and maturity of the CrowdStrike Falcon Console. Additionally, our expertise spans endpoint security, incident response, threat intelligence, identity and access management, next gen SIEM, cloud security and more. We can design and implement a data analytics architecture that will marry native Falcon telemetry data with third-party sources for faster detection, better data quality and improved automated response.

GuidePoint has been a dedicated CrowdStrike Reseller and Services Provider for more than 10 years and currently sits on CrowdStrike's Technical Partner Advisory Board to help guide continued innovation. Our capabilities include:

- ✓ Ensuring all CrowdStrike modules are properly implemented and fully utilized
- ✓ Automating contextualization, enrichment, and response to help analysts achieve
- ✓ Migrations from other products
- ✓ Product health checks
- ✓ Pre-sales assistance – hands-on keyboard help
- ✓ Architectural reviews and maturing your CrowdStrike deployment architecture
- ✓ Proof of value
- ✓ Faster MTTR (mean time to resolution)
- ✓ Ransomware and reactive incident response

Why GuidePoint Security

When cyber threats hit, you want the best on your side. GuidePoint Security designs, deploys, and delivers tailored cybersecurity solutions that drive real results. We integrate solutions across any environment – faster, smarter, and with less risk to strengthen your defenses. Accelerate your business with confidence – and protect what matters most. GuidePoint is a member of the CrowdStrike Engagement Licensing Program (ELP).

2025 [Falcon Flex Partner of the Year](#) and 2024 CrowdStrike Horizon Partner of the Year

“We proudly congratulate GuidePoint Security on their well-deserved recognition and achievement as our Americas Falcon Flex Partner of the Year,” said Amanda Adams, VP of Americas Alliances at CrowdStrike. “Our partner ecosystem accelerates and drives hyper growth for CrowdStrike through a shared mission of stopping breaches, fueled by the breadth and depth of the Falcon platform. This year, we recognized partners who drive growth, innovation and deliver exceptional services. GuidePoint Security has been a standout contributor and invaluable partner in advancing our shared mission.”

About CrowdStrike

CrowdStrike (Nasdaq: CRWD), a global cybersecurity leader, has redefined modern security with the world's most advanced cloud-native platform for protecting critical areas of enterprise risk – endpoints and cloud workloads, identity and data.

About Us

GuidePoint Security provides proven cybersecurity expertise, solutions, and services to help organizations make better business decisions. GuidePoint's unmatched expertise has enabled a third of Fortune 500 companies and more than half of the U.S. government cabinet-level agencies to improve their security posture. Our partnership makes us your trusted advisor – not just another service provider.
