

PROGRAM MANAGEMENT SERVICES

Over a decade of consistent success as a trusted partner in **Program Management** across the Federal government

With a committed and unique understanding of Federal security sector policies, processes, and compliance requirements infused throughout the Federal Government, the Department of Defense, and the Intelligence Community (IC); The GuidePoint Security Project Management Office (PMO) implements, manages, and provides institutional oversight of Programs/Projects from cradle to grave, inclusive of the transition to emerging technologies to ensure future success.

GuidePoint Security's PMO achieves professional delivery of Program and Project management services. Through the deployment of highly certified and cleared professionals, we provide the execution of industry-standard project oversight principles, a standardized framework methodology, compliance and governance-focused quality assurance, and custom deliverables for customer proprietary and complex environments.

GSGS Project Management Office is equipped with the skillsets, tools and methodologies to support your mission:

- ✓ Waterfall

- ✓ Adaptive Project Framework (APF)
- ✓ Critical path
- ✓ Critical chain
- ✓ eXtreme programming
- ✓ Outcome mapping
- ✓ Six Sigma
 - DMAIC
 - DMADV

Why do 50% of all cyber initiatives fail?

- Lack of clear objectives
- Poor communication
- Poor risk management
- Lack of quality control

Failed IT / Cyber projects cost the United States \$50–\$150 billion in lost revenue and productivity. (Axelos, 2019)

Organizations that use proven PM practices waste **28 times less money** than their counterparts who do not have PM practices in place. (CIO, 2019)

PMO Service Offerings
