

FEDERAL IMMERSION PROGRAM

Our objective is to prepare service members for **impactful** roles through phases that provide hands-on experience, certifications, and experience with vendor tools.

PHASE 0

Screening & Selection

We diligently screen and carefully select individuals who meet the rigorous requirements of our program.

PHASE 1

Professional Development

Service members go through professional services training and civilian development workshops to prepare them for Federal work as a civilian.

PHASE 2

Selection & Placement

Service members interview for opportunities on contracts supporting the DoD, Intelligence Community, Government Agencies, and other Federal organizations, before beginning the Federal integration process.

PHASE 3

Specialized Training

We train individuals with relevant experience to ensure they are qualified for your specific work role and possess hands-on experience with your tool suite.

FUNCTIONS

Certifications

Vendor Tools

Hands-On Delivery

Training plans are individually tailored for each person and available upon request.

Upon completion of this program, service members are available immediately for full-time hours to begin on the contract.

Training in phases directly aligns to DoD 8140 work roles.
