

CROWDSTRIKE AND GUIDEPOINT SECURITY

Unlock the Full Power of Your CrowdStrike Falcon® Platform with GuidePoint Security

Breaches, ransomware and cyber attacks are getting more advanced by the minute. AI is compounding the issue, so speed and efficacy in preventing, detecting, or responding to threats can make or break an organization.

Stop breaches faster, and more effectively with the CrowdStrike Falcon® platform, expertly deployed and optimized by GuidePoint Security. Certified GuidePoint experts fine-tune your CrowdStrike investments to ensure superior protection and better performance. Mitigate risk, empower innovation, and stay ahead of rapidly evolving cyber threats with GuidePoint and CrowdStrike.

Optimize Falcon Platform Performance, Maximize Results

In cybersecurity, speed and accuracy prevail. Poorly integrated or configured systems can limit security team speed and effectiveness.

For more than a decade, the powerful partnership between CrowdStrike and GuidePoint Security have helped organizations with what they need most – the ability to stop breaches. Together, we offer unparalleled expertise and commitment to cutting-edge security solutions that mitigate risk, empower innovation, and help customers stay ahead of rapidly evolving cyber threats.

CrowdStrike secures the most critical areas of enterprise risk — endpoints, cloud workloads, identity and data — to keep organizations ahead of modern adversaries. GuidePoint Security is a trusted advisor and partner with expertise that spans the cybersecurity landscape, including AI, endpoint security, incident response, threat intelligence, identity and access management, next gen SIEM, cloud security, and more. Our engineers are highly certified on the CrowdStrike Falcon® platform, with specialized certifications and services capabilities on CrowdStrike Security Cloud and CrowdStrike Falcon Next-Gen SIEM. We provide hands-on support to ensure all CrowdStrike modules are properly implemented and fully utilized to achieve:

- ✓ Superior Protection
- ✓ Better Performance
- ✓ Reduced Complexity
- ✓ Faster Time-to-Value

Stronger Together. Protecting What's Next.

Working with GuidePoint, your organization will be backed by our elite team of highly trained cybersecurity engineers, architects and consultants who come from organizations of all sizes, including Fortune 100 companies, the Department of War, and U.S. Intelligence Community. Our experts hold more CrowdStrike certifications than any other partner.

Superior Protection and Better Performance with Faster Time-to-Value

CrowdStrike is one of GuidePoint Security’s deepest technology partners. Our technical experts are well-versed in maximizing the cost-effectiveness and maturity of the CrowdStrike Falcon Console. We design and implement a data analytics architecture that marries native Falcon telemetry data with third-party sources for faster detection, better data quality and improved automated response.
